## INFRASTRUCTURE

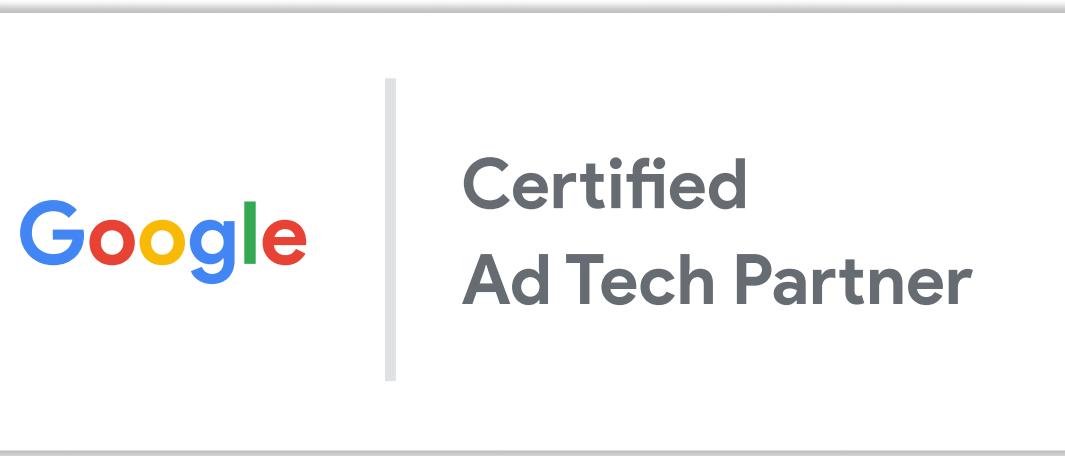

***Built over a decade*** at the hand of cutting edge integrations between our proprietary ad-server and ***industry leading tech***.

## TOOLS AND TECHNOLOGIES WE WORK WITH (1/3)

# GOOGLE-CERTIFIED POWERHOUSE

As a Google Certified Partner, we're uniquely positioned with access to the world's top publishers

Our certification is more than just a badge - it represents our deep expertise and strategic relationships with Google insiders, ensuring we're always ahead of the curve in innovations. Our proprietary ad-serving platform, custom-built for the iGaming industry, is fine-tuned to harness these top-tier traffic sources, guaranteeing optimal performance and ROI.

**We have a full integration with the award-winning tracking platform **Voluum**.**

This integration allows us to meticulously track campaign performance, automate cost-per-conversion settings, and optimise strategies in real-time across 53 operators in 29 geographies. This level of control and insight is crucial in maximising the effectiveness of our campaigns, ensuring we deliver tailored, high-converting traffic to each operator

# INDEPENDENT ACCOUNT

**At present, Kubico is the sole affiliate firm with an **independent** account on Income Access.**

Although this program is primarily intended for operators, our worldwide traffic volume has enabled us to establish our own dedicated account@partners.kubico.com

We integrated several start-up brands from developing regions in Africa into our IA account, which has helped us broaden our knowledge of the back-end operations and improve our understanding of our operator partners. Our commitment to providing comprehensive services has also been strengthened through this expansion.

# WE USE THE BEST TOOLS

**Our integration with the market's leading ad-clarity tool via API is a testament to our commitment to effective campaigns.**

This tool allows us to precisely target your brand's ideal audience, optimizing our media buying strategies to ensure high-quality, high-converting traffic. We understand the intricacies of campaigns and leverage this technology to fine-tune our targeting, bidding, and overall campaign management for maximum ROI.

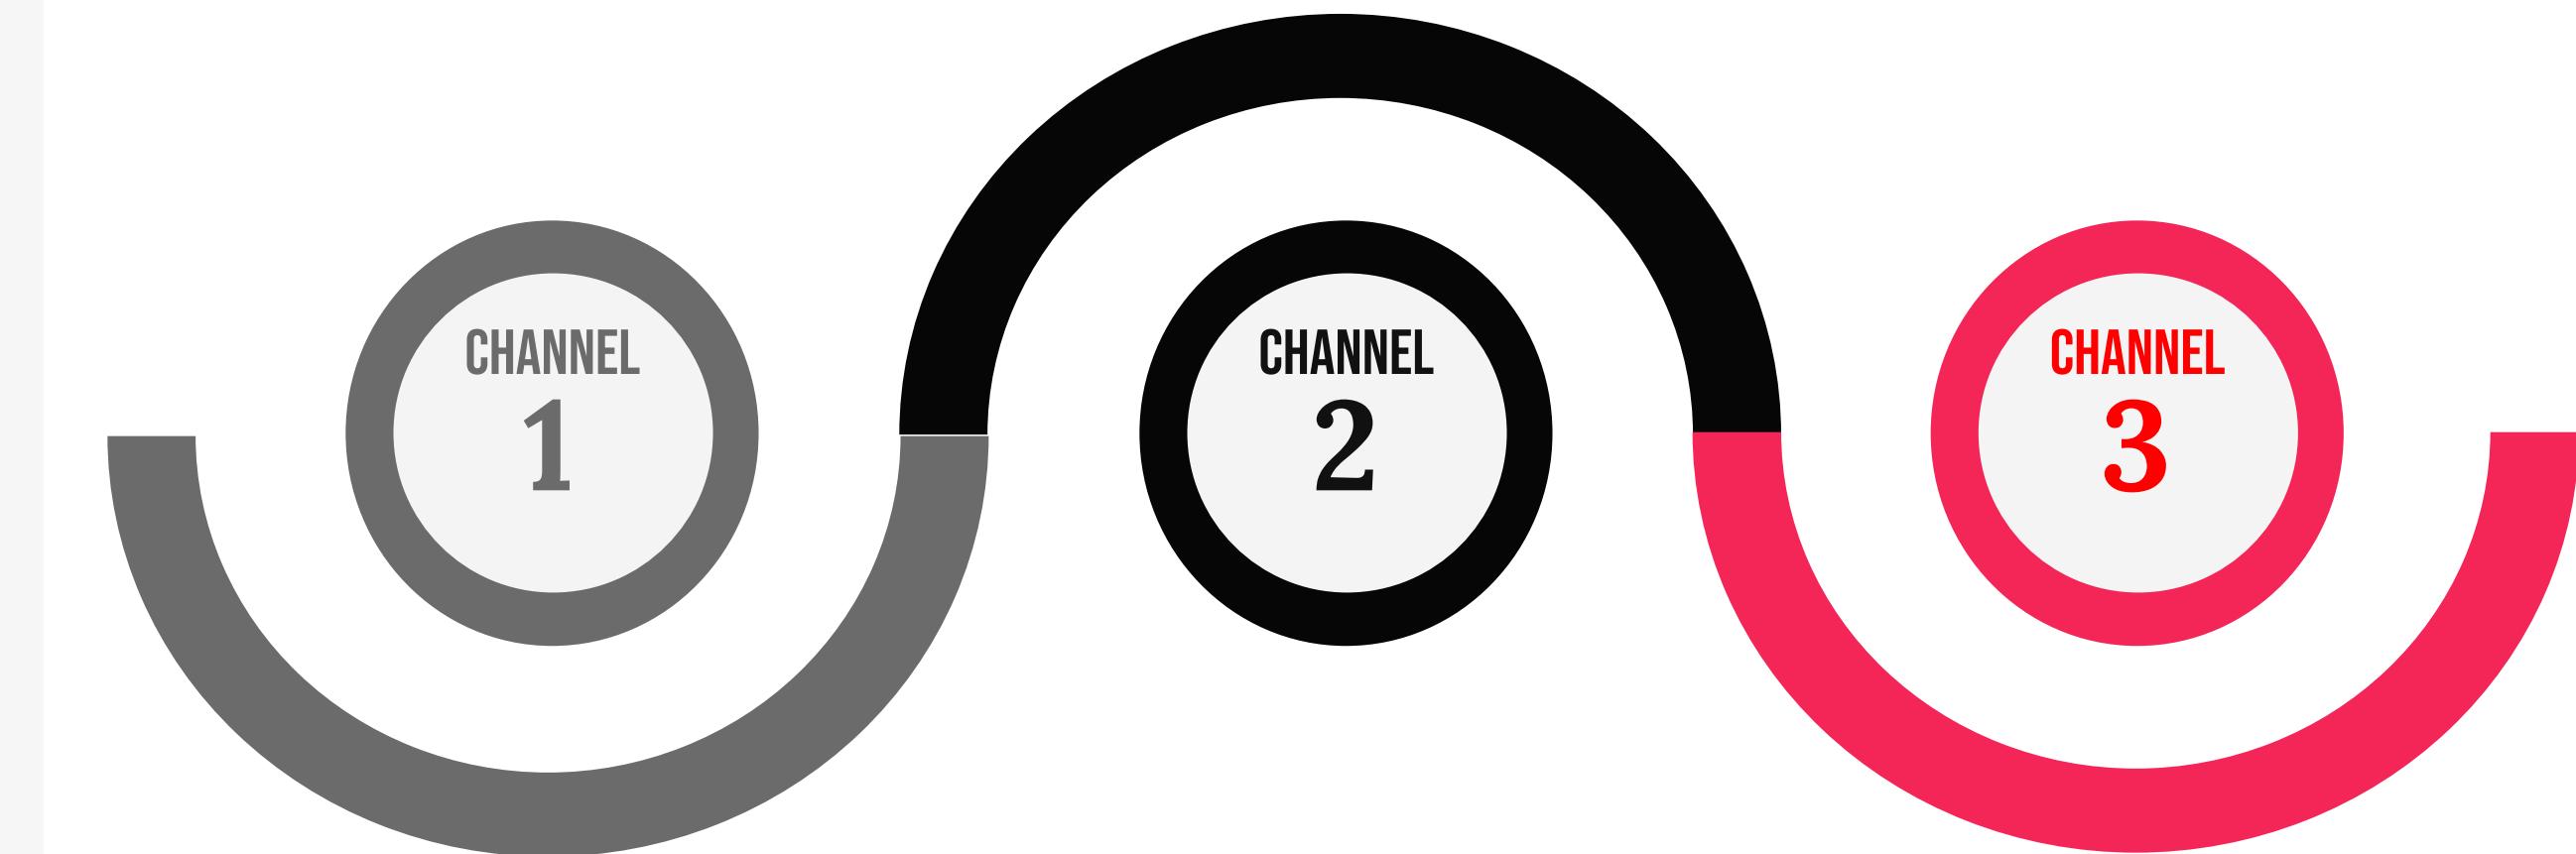

**safeguarding your brand's integrity is paramount in our PPC campaigns. We utilize GeoEdge, a comprehensive ad verification tool, within our proprietary ad-serving platform.**

This integration is crucial for protecting your brand in licensed geographical areas, ensuring your ads are displayed in safe, compliant environments, and shielding them from malvertising risks. This proactive approach to brand safety and compliance underlines our dedication to upholding the highest standards in advertising, ensuring your campaigns not only reach the right audience but do so in a secure and effective manner.

# OPTIMIZING: A STRATEGY FOR PEAK PERFORMANCE

- 1. Intensive Research**: We analyze market trends, competitors, and audience insights to inform targeted strategies.
- 2. Keyword Strategy**: Identifying optimal keywords enhances your search engine visibility, connecting you with the most relevant audience.
- 3. Predictive Execution**: Using predictive analytics for forecasting, we tailor campaigns for peak performance. Our direct engagement with top publishers ensures standout ad placements in the iGaming marketplace.
